NOTES *

1. AŠ. Valeur phonétique : P III A (ZA 64, 83, Rs II : 10' ?), B (MDP 31, 163, A : 8). Déterminatif de lieu : M II A 4 (MDP 15, p. 42-43 *passim*). Chez Untaş-Napiriša, uniquement dans les inscriptions en langue akkadienne. En néo-élam. employé aussi pour *DIL*, dans *DIL.BAD* : N II 7 (Hanni ; *EKI*, 75 § 31), N II 9 (Šilhak-Inšušinak II (*EKI*, 78 : 2), N III A 1 (rev. : 35-36). Valeur phonétique *dil/til* en N III B 1 (MDP 9, 191 : 3 ?).
2. ĤAL. *EIwb*, 593, lecture avec valeur phonétique (*hal*, "pays") dans les inscriptions élamites linéaires. En méso-élamite attesté uniquement, avec valeur phonétique, en M II A 3 et 4. En M II A 5 ne figure que dans les textes en akkadien (phonétique). En M II B 1 (*EKI*, 23 : 6) et M II B 3 (*EKI*, 52 : 23) le *hal* est sans doute pour "pays" ; mais on a, en N II 3 (*EKI*, 72 : 11) le même toponyme précédé du déterminatif AŠ. La valeur de déterminatif pour ĤAL est attestée à l'époque achéménide où ce signe répond à *KUR/mātu* du texte akkadien : DB 19 : 73, etc. Cf. *PFT*, p. 687, *hal* et *HALA*. En élam.-achém. *hal* est aussi employé comme déterminatif personnel (HALLOCK, *PFT*, p. 83).
3. MUG. En N III B 1 : lu *muk* ou *šir* par SCHEIL (MDP 9, 96 rev. : 7), *muk* par YUSIFOV (*VDI* 3, N° 142 : 7). En N III B 3, WEISSBACH (*BA* 4, 5 : 29 et tableau, p. 201, N° 16, registre médian) lit *muk* un signe — *SAL + BAR* — transcrit *rak* par HINZ (VON SODEN, *Akk. Syll.* 2e éd., p. XXXVI, n. 1) et *rak* par nous. Cf. N° 554a. La valeur *muk*, dans l'état actuel de la documentation, est sans doute à exclure.
5. BA. Dans le syntagme A.AB.BA.MEŠ, "chameaux" ; cf. par ex. *PFT*, p. 667.
7. SU. Utilisé comme logogramme, pour *KUŠ* à Malyan, avec le sens de "peau", en M-1461 ; 1 (*TTM* II), comme dans les tablettes de Suse, N III B 1. De même à l'époque achéménide où l'on trouve aussi le sens de "parchemin", cf. *PFT*, p. 718a.
9. BAL. Attesté seulement en néo-élam. A Izeh/Malamir dans le mot *ra-gi-pal* (*EKI*, 75B : 3 ; 76 : 12, 22, 33) et dans les tablettes de Suse (MDP 9, 105 rev. : 1 ; 125 rev. : 1) où la lecture est assurée par 96 : 14, *kur-ba-la-at* au lieu de *kur-bal-la-at* (akkad. *karballatu*).
12. KAR. Valeurs rares : *KUT* au lieu de *TAR*, chez HINZ (*EIwb*, p. 548-5). ĤAŠ, en RA 22, 157 : 13, lecture SCHEIL : *tah-ha-haš* (N II 12). Dans la lecture du NP *Un-pa-haš*, (KÖNIG et HINZ), en *EKI*, 48 : 43/44 ; 48b : 35. Même lecture de REINER (*in* CARTER,

* Les numéros de signes qui n'ont pas été retenus dans le syllabaire figurent ici entre crochets.
